

## Faculty Notification of Extension of the Probationary Period

When a qualifying event occurs, faculty are eligible for an extension of the corresponding probationary periods: (a) non-tenured members of the standing faculty – the tenure probationary period; (b) clinician-educators, members of the research faculty – the promotion review period. The Faculty Handbook details the terms and conditions of these extensions.

The faculty member and their school must complete this Notification of Extension form and transmit it to the department chair, Dean and Provost's office, within one year of the qualifying event. However, no extension may be granted after July 1 of the mandatory review year. Approval of an extension does not preclude coming up for tenure or promotion in the original mandatory review year or early tenure or promotion, so long as the request is made before July 1 of the mandatory review year.
